World's "Largest Circulation"

Names and addresses of 39,977,700 passenger car owners and 8,427,900 truck owners . . . families and concerns who buy more than three-fourths of the nation's consumer goods . . . arranged by street and number . . . by city, county and state . . . by make of vehicle and year model . . . are available to the nation's largest advertisers. Yearly, R. L. Polk & Co. compiles for the automotive industry the official registration list of car and truck owners — the largest, most accurate mailing list in the world.

Through this great "circulation list," and through Polk's nation-wide direct mail advertising distribution facilities, the automotive industry and hundreds of other major concerns reach selected markets for their products . . . send advertising messages pin-pointed to the very prospect or customer they wish to reach . . . each advertising message imprinted with the local dealer's firm name and address, and sent to his own selected sales territory.

This world's greatest "circulation list" is a major sales tool used by industry to help move the goods and services that keep our economy rolling, helping to sell not only automobiles, but oranges, magazine subscriptions, vacation tours, and household appliances.

INTRODUCTION

AND

GENERAL INDEX

R. L. POLK & CO., publishers of more than 850 city, county, state and national Directories, present to subscribers and the general public, this, the 1960 edition of the Gloucester City Directory, including Rockport.

Confidence in the growth of Gloucester's and Rockport's industry and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Gloucester and Rockport to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Gloucester and Rockport Directory will fulfill its mission as a source of authentic information pertaining to the cities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE MISCELLANEOUS DEPARTMENT, the first major department on white paper, presents lists of city, county and state officials, statistical review, and manufacturing, trade and civic surveys.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Gloucester, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Gloucester, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Rockport appears after the Gloucester House.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the fourth major department on green paper. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special feature of this section

are the designation of tenant-owned homes and the designation of homes and places of business having telephones. A similar department for Rockport appears after the Alphabetical Section.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Gloucester and Rockport.

The Gloucester Directory Library

Through the courtesy of the publishers of the Gloucester City Directory, a Directory Library is maintained in the offices of the Gloucester Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the United States and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

GEOGRAPHY

Gloucester is located about thirty miles northeast of Boston, Massachusetts. The original town of Gloucester occupied the whole northern promontory of Massachusetts Bay, known as Cape Ann and was bounded on the north by Ipswich Bay, on the east by the Atlantic Ocean, on the south by Massachusetts Bay and on the west by the towns of Manchester, Essex and Ipswich.

Cape Ann is divided into two nearly equal sections by the Annisquam River, an arm of the sea extending from Ipswich Bay about four miles towards and into Gloucester Harbor. Gloucester of today retains practically its same boundaries and includes the follow-

ing districts: Magnolia, Annisquam, Riverdale, West Gloucester, East Gloucester, Bay View and Lanesville. The northeastern portion of the Cape, however, which was included in the territory of the original town of Gloucester, is separated into what is known as the town of Rockport, the extreme end being known as Pigeon Cove.

The principal harbor is on the south side of the city and is formed by Eastern Point—a strip of unequal width extending in a south-westerly direction about three miles—a rock bound coast that defies the violence of surging waves dashing almost constantly against it, and affording within a safe shelter and anchorage for a large fleet.

The surface of the town is uneven; and its peculiar character strikes every beholder at first sight with astonishment. Bald, rocky hills, bold and precipitous ledges of rock, with acres of boulders of various sizes, in many places scattered thickly over the surface, combine to present a rare scene of naked ruggedness. The small tracts and patches of clear land, by which this view of barrenness is occasionally relieved, are covered with a strong and fertile soil, suited to the growth of most of our New England agricultural products.

The rocks of Cape Ann are granite, of a beautiful, dark color and are easily wrought into blocks of any needed size. Quarries formerly operated in different localities, several at Rockport, at the lower extremity of the Cape; others at Lanesville and at Bay View—suburban districts of Gloucester proper. The products of these quarries in the form of monuments, decorative ornamentations, paving blocks, etc. have been shipped to every part of the world.

In all, Cape Ann is picturesque. It is truly typical of the rock bound coast of our northern Atlantic States. A drive around the shore road from which an open view of the ocean is afforded practically throughout the entire route, presents a picture of rugged rocks dashed over with spray, these interposed with as many as forty beaches of various sizes around the entire Cape. The drives around Cape Ann are pretty. The inland roads through wooded sections of hard-wood growth give a touch of country life in sharp contrast to the rugged scenery along the shore.

HISTORY

From the time of the early explorers Gloucester, Mass., has occupied a large place in the history of New England and the nation. It is claimed that the Norsemen in 1001 skirted the New England Coast, which they called New Vineland and landed here. It has also been said that they called the place "Kroasnes", the Cape of the Cross; that they were attacked by the Indians, their chieftain, Thorwald, being killed and buried on shore. In 1605, as authentically recorded, Champlain, on a voyage of exploration and discovery sailed about the cape which he named CAPE AUX ISLES.

The next year in early September he founded what is now Eastern Point and came to anchor in the inner harbor between Five and Ten Pound Islands—so named for the

sums for which they were purchased from the Indians in Colonial times. Champlain was charmed with the place and made a prolonged stay. His name for it was singularly appropriate, "Le Beau Port", the Beautiful Harbor.

After Champlain's departure came Captain John Smith and Miles Standish with his company of followers. The honor of making the first settlement, however, which was also the first permanent settlement in Massachusetts Bay, belongs to the Dorchester Colony, a company formed by the Rev. John White, a Puritan minister, rector of StPeter's church of Dorchester, England. His colony sailed for and reached what is now Gloucester in 1623, not, as had been supposed, for the purpose of escaping religious persecution. Its real object was the pursuit of the fisheries which had been successfully carried on off the New England Coast since 1606. The site of the first settlement was at Stage Fort, now a public reservation known as "Stage Fort Park", where their landing is suitably commemorated with a bronze tablet which bears an inscription telling the story of their original landing.

In 1624 Roger Conant was appointed Governor and the Colony attracted much attention. Its interests were concerned entirely in fishing and farming. The fisheries were successfully pursued and good catches sent to Balboa, Spain, but the arable land of the Cape was exceedingly limited. This latter fact resulted in the agricultural part of the colony moving to Salem. Those remaining, however, were joined by others from time to time, among them being a colony from Plymouth in 1630. In 1632 the first church was built and services held. In 1639, the General Court was asked to incorporate the town. A charter was granted in 1642, the town taking the name of Gloucester from the cathedral city in England, whence many of the early settlers came.

The history of Gloucester is entwined with events of national importance. It tells us the story of the expedition against Louisburg, the Gibraltar of America,—how these men, in a craft commanded by Captain Sanders and in a land company under Captain Byles, gave splendid service in reducing that stronghold; they were with Wolfe at Quebec and were in the foreground when the flag of France was lowered for the last time on the American Continent. In the Revolutionary War, the Civil War, in the Spanish American War and in the World War, the call to arms has ever been answered by the population of this fishing city. Their services have been rendered on land and sea and they have left behind a record of which any community may well be proud.

FISHERIES

Destiny ordained that Gloucester should be the first and greatest fishing port in the New World. Back as far as 1602, that daring navigator, GOSNOLD, found that codfish were plenty in Massachusetts Bay and for twenty years before a permanent settlement was made here, the fisheries were pursued off this coast with profit. Destiny also took a hand when the Dorchester Company set out from England in 1623 to engage in a fishing trip and also to found a permanent colony. The ancient records tell us that the expedition had no definite place in view for settlement

and that arriving late in the season at the fishing grounds on the Maine coast, finding the fishing poor and in hopes of making up a full fare, the voyage was continued to Massachusetts Bay. Our first colonists, therefore, were fishermen and the first business of the place was fishing.

With the exception, possibly, of a very few years immediately following 1626, the fisheries have been followed from this port throughout all these 300 years, practically without interruption. Its history is a fitting story of a hardy race of fisher folk, who have ever braved the call of the deep in the pursuit of their industry which today ranks as the oldest in Massachusetts. It teems with stories of self-sacrifice and valor. It has been a costly industry, however. Braving the storms and perils of the ocean in seeking their existence, scouring the seas almost to the Arctic Circle in their perilous quest, at the mercy of the storms and the heavy fogs, the treacherous shoals and drifting boats, over 8,000 of these men have been sacrificed in this perilous calling.

The name of Gloucester has been associated with the curing, catching, packing and distribution of fish since its early settlement in 1623. This industry may truly be said to be the corner stone upon which the city's prosperity and reputation has been based, although at the same time other pursuits have gained ground and prospered.

Gloucester presently has 25 firms engaged in handling and processing fish. Of this number, five are engaged in fish cooking processes, principally fish sticks. The total number employed in shore processing and fish cooking plants varies from 1,100 to 2,600 during the peak production season.

Production of cooked fish items in 1958 amounted to over 30,000,000 lbs., of which 21,806,000 lbs. were fish sticks. The base product from which fish sticks and other cooked fish items are made are from frozen blocks of fillets, principally cod, imported from Canada, Nova Scotia, Newfoundland, Greenland, Iceland, and more recently from Norway and Denmark. These imports come in principally by cargo steamer, although large amounts are trucked from other ports of entry. Gloucester in recent years has developed into a distributing port of fish blocks to fish stick processors all over the country—as far as the Pacific Coast. Of the total landings of fish blocks in 1958, over 31,000,000 lbs. were re-shipped via refrigerated trucks to operating plants in other sections of the country.

Gloucester has upwards to 150 vessels of from 5 to over 100 tons gross engaged in off-shore fishing, and more than 100 under five ton engaged in inshore fishing and lobster fishing. Crews of Gloucester fishing vessels total upwards to 2,000.

Gloucester has a State Fish Pier which started operating early in 1939, located at the foot of Parker Street and overlapping what formerly was Five Pound Island. It has a modern cold storage plant with capacity of 7,500,000 pounds. This pier is equipped to engage in an extensive fresh fish business. Individual stalls are rented to operating firms. Seven facilities now provide Gloucester with a total of 37,640,000 pounds cold storage space, and a total daily

freezing capacity (24 hours) of 1,075,000 pounds. Landings of fresh fish at Gloucester increased from 75,661,000 pounds in 1939 with a value to fishermen of \$1,202,000 to a total of 230,218,000 pounds in 1958 with a value to fishermen of \$7,973,000. Gloucester is one of the largest fish producing ports in the country. Gloucester also has three plants engaged in fish by-product manufacture. These plants use waste resulting from fish processing and non-edible fish (principally menhaden) for extraction of fish oils and the conversion to fish solubles and fish meal used in the processing of poultry and animal feeds.

MANUFACTURING AND LOCAL INDUSTRIES

Gloucester has many other industries aside from the fisheries but one directly connected with these, is the manufacture of liquid fish glue. The ancient Greeks and Romans knew that a strong adhesive could be extracted from the skins of certain fish, and used this adhesive for such delicate purposes as fastening precious stones in their setting. Fish glue, however, was made in very small quantities and had to be used immediately. It was not until the last century, sometime between 1870 and 1875, that liquid glue was made a commercial possibility by the discovery of means whereby it might be permanently preserved in liquid form.

Formerly, quarrying of granite was a very important industry. In recent years, quarries at Rockport have been closed, and the industry there is concerned principally at the present time in the cutting of granite pavement blocks.

Awnings, barrels, boats, bread, castings of iron and brass, cigars, codliver and vitamin oils, copper, marine and house paints, dip nets, drop forgings, fish—fresh, salted, smoked and canned, fishlines, fish meal, fishing tackle, fish-traps, glue, granite, hammocks, hawsepipes, inks, iron forgings, iron-work for vessels, machinery for cold storage, masts, men's, women's and children's clothing, mucilage, nets, overalls, pants, paste, pastry, patent bits, patent steering wheels, porch dresses, printing, protective outer clothing, rudder braces, sails, seines, sheeplined coats, ships' blocks, smokestacks, spars, steel forgings, stove polishes, street dresses, tanning oils, tents, traffic signs, trawl nets, truck bodies, ventilators, vessel steerers, windlasses for vessels, wooden boxes and drums, yacht steerers.

While Gloucester is situated far from the sources of supply of some raw materials, it has several advantages over inland cities. For instance, the city is on the sea coast where it can obtain various supplies direct by water, at a cheaper rate than by rail. It is located on the Boston & Maine Railroad, with a schedule of sixteen trains daily to and from Boston. Route 128, opened to traffic in 1953 with a high-level bridge over the Annisquam River. Route 128 is a modern double-barreled highway into Gloucester with a circumferential connection to the State Fish Pier and to Route 127 into Rockport. Route 128 connects with all major highways to New York and to points west. Routes 121 and 127 also are primary highway routes into Gloucester.

SUMMER COLONIES

The whole of Cape Ann is an ideal resort for the summer tourist. Its admirable location, surrounded practically on every side by the open sea, its magnificent summer climate, never extreme on the hottest days in summer; its natural rugged beauty; its many beaches, both large and small; its pretty inland roads through hard wood groves; its splendid summer cottages and hotels; all combine to make Cape Ann a splendid summer home for those who wish to escape the monotony of city life. Gloucester has long since taken its place as the ideal summer resort. To point out any particular charm it may hold for the summer visitor is difficult, for the attractions are many and of sufficient varieties to satisfy the most exacting critic.

It combines within a radius of one-half dozen miles practically every type of natural scenery found anywhere. Its picturesque harbor wharves, inspiring in thought the 300 years of struggle with the sea that its fishermen have endured in the pursuit of its industry; its many boats entering and leaving the harbor in plying their trade; its foreign fishing colonies,—those of the Italian and Portuguese; its beaches and parks; combine to make Gloucester ideal to the tourist.

CHURCHES

Church influence is strong in Gloucester, many social and welfare activities centering in the church organizations, of which there are twenty-one in the city. The first church was organized in 1632.

There are over ninety clubs and fraternal organizations in the city, including the Woman's Club, Rotary Club, The Kiwanis Club and the Gloucester Chamber of Commerce.

Good government, good roads, good schools, congenial social conditions, a high standard of citizenship, convenience to shipping points, nearness to a market, excellent transportation facilities, abundant recreational and amusement facilities, the advantages of homes in the open spaces combined with urban conveniences—these are the qualities that go to make a city desirable—and Gloucester has them all.

ROCKPORT

Rockport, or Sandy Bay, as the town was formerly called, was a part of Gloucester until 1840 when it was incorporated and set up its own town Government. Like Gloucester, its inhabitants early engaged in the fishing industry, but not possessing the facilities for large vessels the pursuit of this industry has been largely confined to the shore fisheries, the trapping of lobsters forming the major portion of the business as carried on today.

Rockport granite is known the country over and the quarries at Rockport, Pigeon Cove and Bay View have produced many thousands of tons of this valuable stone and have furnished employment to several hundred workmen. The industry dates from about 1823, when the quarries were first worked, and has furnished granite for government fortifications and navy yards, Boston Custom House Tower, Woolworth Building in New York, and Brooklyn Bridge.

The summer colony has grown considerably in the last twenty years. A cleaner and more wholesome town in which to spend the summer cannot be found in New England. There are a number of good beaches, a beautiful shore drive, and the ocean scenery is unsurpassed. Many artists make their homes here during the summer months and find interesting subjects to transfer to their canvasses along the quaint old wharves and rugged shore.

The breakwater erected by the government has given Rockport a safe harbor, available for large vessels of all types, and the town is often visited during the summer by some of the fleets of United States Warships.

GLOUCESTER CHAMBER OF COMMERCE

The Gloucester Chamber of Commerce is organized for the service of the public and for the promotion of the business and industrial growth of the community. Further information regarding manufacturing opportunities, business facilities and residential advantages, will be gladly supplied upon request by the Gloucester Chamber of Commerce, 120 Main street.

POINTS OF INTEREST

Annisquam Light, at the extreme end of Annisquam Point. Iron light tower

Babson House, at Pigeon Cove, erected by three men who fled from Salem about 1698 with their mother charged with witchcraft and hid in this house

Babson House, Riverdale, built about 1740 by Joseph Allen. Said to still retain the slave pens used during the slavery times

Beaumont, Eastern Point Boulevard, extraordinary assembly of over 20 colorful Period Rooms, with 17th and 18th century furnishings, woodwork, wallpaper, rugs and textiles. Special Group Exhibits of glass, porcelain, metalwork and collectibles from all over the world. All in what Samuel Chamberlain's book calls "the most fascinating house in America" with a garden setting on the water's edge and striking views of Gloucester harbor.

Cape Ann Historical Association, Captain Elias Davis House (1804) and Museum, 27 Pleasant street, fisheries exhibits, ship models, tools and nautical instruments used in 300 years of the Gloucester fisheries. Also Colonial and Federal furniture, china, glass and old time toys. Paul Revere silver, famous collection of paintings and drawings by Fitz Hugh Lane

Cape Pond, on the road to Rockport; water supply for Rockport

Coffin's Beach, near Willoughby Park, now called Wingaersheek Beach. Unusual sand dunes. Take West Gloucester drive to Concord street; through Concord street to Atlantic street; thence to the beach

Dennison House, Bay View, built about 1727

Dog Bar Breakwater, Eastern Point

Dogtown Common. May be visited by way of Washington street and Gee avenue

Eastern Point Light. May be reached by the government road. Niles' Beach and Pond are on the road

Ten Pound Island in Gloucester Harbor, so named from the fact that ten pounds were paid to the Indians for it. Here are located buildings of the United States Bureau of Fisheries and lighthouse

Freeman House, W Gloucester, was erected previous to 1700, and used as a tavern for years

Good Harbor Beach, at Bass Rocks

Governor's Hill, to the left of Washington street by way of Commonwealth avenue; commands a fine view of the city and harbor

Granite Quarries, at Pigeon Cove, may be seen on the drive around the Cape. The quarry of the Rockport Granite Company may be seen from the main road

Hammond Museum, Hesperus avenue. A castle containing the collection of Mr John Hays Hammond jr, which captures the spirit of medieval times in Europe. Examples of sculpture, furniture, painting and other arts as well as architectural portions taken from dwellings and churches abroad. Romantic art, Gothic and Renaissance

Haskell Atkins House, circa 1650. Splendid very early farm house in beautiful setting with distinguished collection of period furnishings. Lincoln street, West Gloucester, close to Route 128 Exit 4

Independent Christian Church. The first Universalist Society in America. Organized 1770. Present building built in 1806, Middle cor Church

James Babson Cooperage Shop, Route 127, between Gloucester and Rockport, believed the oldest building on Cape Ann (1658). Erected and used by James Babson, the first male member of family in America, for making barrels in which to ship dried fish to England. Very early American tools and furniture

Joan of Arc, World War Veterans Monument, Old Town Hall square, junction Washington and Middle streets

Mount Anne Park, formerly Thompson's Mountain given to the city by Minot Brothers of Boston, in West Gloucester. The highest elevation on Cape Ann, being 255 feet above sea level, commanding an extensive view

Niles' Pond, Eastern Point, a State pond at East Gloucester, containing pickerel and other fresh water fish

Norman's Woe, known wherever English is spoken through Longfellow's "The Wreck of the Hesperus". May be visited on the drive to Magnolia. Not visible from road

Old Fort, at Eastern Point, just off the road to Eastern Point Light, erected 1862

"Old Mother Ann", at the extremity of Eastern Point. A perfect contour of a woman in a reclining position

Pavilion Beach, just off Western avenue near Main street

Public Landing, Rogers street foot of Washington street

Rafe's Chasm, Magnolia, is a fissure in the solid rocks, some sixty feet deep and twelve feet wide at the mouth, gradually growing narrower as it runs inland

Ravenswood Park. Bequeathed to the city by the late Samuel E Sawyer, to be preserved as a wild park, on Western avenue, near Fresh Water Cove

Riggs House, 10 Vine street. Oldest house on Cape Ann. Built at Goose Cove by Thomas Riggs, the first schoolmaster and town clerk. Take road on left approaching the Willows

Sargent Murray Gilman House, 47-49 Middle Home of the Rev John Murray, first Universalist minister in America

Sawyer Free Library, 88 Middle. An example of fine interior architecture of the Colonial Period

Stage Fort Park, was purchased by the city in 1898. On Western avenue. An excellent view of the harbor and city

Thatcher's Light Island, the outpost of Cape Ann. It may be visited by hoisting a signal which will be found on shore at the mainland's nearest point to the island.

United States Life Saving Station, Fresh Water Cove

White-Ellery House, circa 1650. One of the best and least altered example of the very earliest New England architecture. Period furnishings, located at Route 128 traffic circle

Willoughby Park, in West Gloucester, by way of Essex avenue and Atlantic street

DRIVES

Drives around the Cape. May be made via Eastern avenue to Rockport first, or in the opposite direction via Washington street

Around the Big Heater. Through Western and Essex avenues to Essex, thence to Manchester, and thence home by way of Western avenue

Around West Gloucester. Through Western and Essex avenues to Concord st, thence through Concord and Atlantic streets to Willoughby Pk. and Wingaersheek Beach. Concord street may be taken to Essex on return

To E Gloucester and Eastern Point. Through Main street and East Main street to Eastern Point; thence along the ocean to Bass Rocks, continuing around to East Main st again

To Magnolia. Through Western avenue, past Stage Fort Park and Ravenswood Park. This is a part of the Manchester drive

To Manchester. Through Western avenue to Magnolia and Manchester

To Wingaersheek Beach. See West Gloucester drive

PARKS AND PLAYGROUNDS

Benjamin Smith Playground, E Main junction of Sayward and Haskell

Burnham's Field, Pleasant st

Dogtown Common, east of Washington street and Gee avenue, Riverdale

Edward Dolliver Newell Stadium, Centennial av

Earl F Rice Jr Playground, Stanwood and Gee av

Governor's Hill City Reservation, Commonwealth avenue, Beacon and Lookout sts

John J Burke Park, Western av nr Magnolia av, Magnolia

Joseph Mattos Playground, Webster st

Ledgemont Avenue Park

Marine Park, Western avenue, at Blynman Bridge

Maxwell Parsons Playground, Davis st E G

Mount Anne Park, 50 acres, off Essex avenue, near Post Office, West Gloucester. Given by the Minot Brothers of Boston to the State of Massachusetts for a public reservation

Ravenswood Park, off Western avenue. This park was donated by Samuel E. Sawyer, to be preserved as a wild park

Stage Fort Park, off Western avenue, opposite Essex avenue

West Gloucester Playground, Essex av

U. S. POSTAL INFORMATION

POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mailability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

DOMESTIC POSTAL RATES

First-Class

LETTERS: 4 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

POST CARDS or POSTAL CARDS: 3 cents each within prescribed sizes.

BUSINESS REPLY CARDS: 5 cents.

MAIL ENCLOSED IN BUSINESS REPLY ENVELOPES: 4 cents per ounce, plus 2 cents per piece, collected when delivered.

Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 2 cents for the first 2 ounces, and 1 cent for each additional ounce or fourth class rate, whichever is lower.

Third-Class

(Up to, but not including 16 ounces) On circulars and other miscellaneous printed matter, books, catalogues, and merchandise, 3c for the first 2 ounces or fraction, plus 1½c for each additional ounce or fraction.

Other books and catalogues—consult your local postmaster.

Bulk Rate

For Details Consult Your Local Postmaster

Fourth-Class—(Parcel Post)

(16 ounces or over)

The present size and weight limits for fourth class (parcel post) will continue to apply in all cases except for parcels mailed at a first class office for delivery to another first class office in which case the size is limited to 72 inches length and girth, 40 pounds in weight to the local first and second zones, and 20 pounds in weight in the third to the eighth zones. Exceptions to the new size and weight restrictions are:

(1) Baby fowl, live plants, trees, shrubs, or agricultural commodities (not including manufactured products thereof).

(2) Books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(3) Parcels mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or any Territory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands.

It is not contemplated that the provisions of this law shall be evaded or circumvented by diverting parcels exceeding the prescribed limits of size and weight from first class offices and mailing the parcels at offices of the second, third or fourth class or on rural or star routes.

RESTRICTED DELIVERY

Applicable to registered mail, certified mail, C. O. D. mail, and mail insured for more than \$10.

Fee

AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

- | | |
|-----------------------------------|-----------------------------------|
| 1. INDEX TO ADVERTISERS | 4. ALPHABETICAL SECTION |
| 2. INTRODUCTION AND MISCELLANEOUS | 5. HOUSEHOLDERS' AND STREET GUIDE |
| 3. YELLOW PAGES | |

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "⊙"—Homeowner.

The City Directory Will Answer Your Everyday Questions . . .

About an Individual

How does he spell his name?.....Alpha.
Is he married? What is his wife's name?Alpha.

OUT OF SIGHT!**OUT OF MIND!****OUT OF BUSINESS!**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

The Return Circuit in Advertising

The circuit must be completed before the bell will ring.

The Buyer must find the Seller before a Sale is made.

CREATIVE ADVERTISING—in newspapers, magazines, billboards, etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

THIS DIRECTORY is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

HAVE YOU MADE IT EASY FOR BUYERS TO FIND YOU?

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows; Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown as follows; Gregory Mary L wid Richd M.

The occupation and place of employment is listed as follows; Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows; Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows; Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

POLK'S GLOUCESTER

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1960

Copyright, 1960, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The Streets are arranged in alphabetical order with the location of Intersecting Streets clearly shown.

The symbol © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family. This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

The ∆ preceding names denotes householders and places of business having telephones.

*Denotes houses incorrectly numbered.

(This section includes some listings reading "No Return". In each case the publishers tried diligently, by various means to obtain information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator, next a double postal card was mailed and the telephone used when possible).

The numerals that appear at right edge of columns ahead of street descriptions and some street intersections are merely for the guidance of the publishers and have no other significance.

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

Bricks Without Straw

In ancient times, we are told, the Israelites were forced to do their work without the proper materials. They did it—after a fashion—but at an enormous cost in time and labor. Labor was cheap in those days, however, and their task masters had the power to insist upon the full quota being given in spite of limitations.

Now the labor market is high, yet, in many cases history repeats itself. We still often see business trying to get along without the proper tools or with antiquated equipment.

You **can** do business without the telephone; it is possible to get along without a typewriter; you may use a quill pen for your correspondence if you so desire; it is your privilege to be without insurance, or the latest directory. If you wish you may still use a mailing list that was old when grandfather was a boy.

If the results are not entirely satisfactory, it is up to you.

Some firms prate wisely of business efficiency and then lose time and money sending to wrong addresses culled from an out-of-date directory. Rather than spend the few dollars necessary to insure themselves being properly listed under all the headings applicable to their business, they run the risk of letting their competitor get their trade. They save the first cost and waste postage stamps by the gross.

Would you improve on old methods? Then phone or write at once for particulars to

YOUR CITY DIRECTORY

Is Something More than—

A Book of Names and Addresses

A Catalogue of Trades and Professions

A Street Guide

It is A SERVICE that brings you daily in closer touch with your customers and friends

It Enables You to address them each and every one
To avoid the offense of incorrect spelling and addressing

To find new customers

To tell who lives in any house in the city

To find local sources of supply for hundreds of articles

It Will Save You time and money both in buying and selling. It will make you more efficient and protect your standing as an accurate and progressive business man

Your directory gives you an accurate bird's-eye view of your city, its institutions, inhabitants, government and buildings

Always Use the Latest Edition

The Classified Business Section for
Complete Lists of Businesses
and Professions

POLK'S ROCKPORT

Directory of Household-ers, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1960

Copyright, 1960, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them, and with a list of Household-ers and Places of Business arranged in Numerical Order upon their respective Streets.

The Streets are arranged in alphabetical order with the location of Intersecting Streets clearly shown.

The symbol © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family. This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

The ♠ preceding names denotes household-ers and places of business having tele-phones.

*Denotes houses incorrectly numbered.

(This section includes some listings reading "No Return". In each case the publishers tried diligently, by various means to obtain information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator, next a double postal card was mailed and the telephone used when possible).

YOUR CITY DIRECTORY

Is Something More than—

A Book of Names and Addresses

A Catalogue of Trades and Professions

A Street Guide

It is A SERVICE that brings you daily in closer touch with your customers and friends

It Enables You to address them each and every one
To avoid the offense of incorrect spelling and addressing

To find new customers

To tell who lives in any house in the city

To find local sources of supply for hundreds of articles

It Will Save You time and money both in buying and selling. It will make you more efficient and protect your standing as an accurate and progressive business man

Your directory gives you an accurate bird's-eye view of your city, its institutions, inhabitants, government and buildings

Always Use the Latest Edition

Bricks Without Straw

In ancient times, we are told, the Israelites were forced to do their work without the proper materials. They did it—after a fashion—but at an enormous cost in time and labor. Labor was cheap in those days, however, and their task masters had the power to insist upon the full quota being given in spite of limitations.

Now the labor market is high, yet, in many cases history repeats itself. We still often see business trying to get along without the proper tools or with antiquated equipment.

You **can** do business without the telephone; it is possible to get along without a typewriter; you may use a quill pen for your correspondence if you so desire; it is your privilege to be without insurance, or the latest directory. If you wish you may still use a mailing list that was old when grandfather was a boy.

If the results are not entirely satisfactory, it is up to you.

Some firms prate wisely of business efficiency and then lose time and money sending to wrong addresses culled from an out-of-date directory. Rather than spend the few dollars necessary to insure themselves being properly listed under all the headings applicable to their business, they run the risk of letting their competitor get their trade. They save the first cost and waste postage stamps by the gross.

Would you improve on old methods? Then phone or write at once for particulars to

R. L. POLK & CO., Publishers

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

NEED FINANCIAL FACTS?

THEN YOU NEED

POLK'S *Bank Directory*

POLK'S will answer your questions, supply connections, fill needs . . . because Polk's is the one — the only — bank directory that completely covers the banking and financial world.

POLK'S BANK DIRECTORY includes the latest, most detailed information on:

All U. S. Banks and their branches
Banks throughout the world
Investment Dealers

Life Insurance Companies
Government Financial Agencies
Banking and Financial Associations

POLK'S lists officers, directors, latest financial statements and much more helpful data.

POLK'S BANK DIRECTORY is compiled for quick, easy reference. All pertinent facts are placed together. Thumb tabs mark cities and states.

Get the most complete, accurate financial information available.

When You Want To Know

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.*
